

Kyle Dougherty

Graduate Teaching Assistant

Education

- 2012-2016 **Bachelor of Science, Biology**, *Baldwin-Wallace University*, Berea, OH.
- 2016-2019 **Master of Science, Natural Resource Science**, *University of Nebraska-Lincoln*, Lincoln, NE.

Teaching

- 2020 - **Mammalogy**.
- Present
- Updated and presented course materials focused on natural history, ecology, and identification of North American mammals
 - Developed new materials to introduce students to statistical methods and software needed to investigate activity patterns of mammals from trail camera data
- 2019 - **Vertebrate Zoology**.
- Present
- Updated existing lab materials to meet course objective of familiarizing students with evolutionary processes that have led to the diversity and anatomy of major vertebrate groups
 - Presented course materials during the lecture portion of lab sessions and guided students through exploration of laboratory specimens and dissections during interactive portion
 - Presented course materials during the lecture portion of lab sessions and guided students through exploration of laboratory specimens and dissections during interactive portion
- 2019 **Tropical Ecosystems and Ecology**.
- Led discussions and field activities about the biological community of Puerto Rico

Awards

- 2016 John W. Miller Zoology Prize. In recognition of a biology major who has shown exceptional interest and accomplishment in zoology
